

Mountain Lake Biological Station
Summer Seminar Series
1997

June

- 10 T: Peter Kareiva - The Challenge of Designing Monitoring Schemes for Species at Risk.
- 12 Th: Tom Smulder - Seasonal Changes in the Chickadee Brain
- 17 T: REU Proposals - Special long afternoon session.
- 19 Th: Ingrid Parker - Ecological Factors Affecting Rates of Spread of *Cytisus scoparius* (Scotch broom), an Invasive Exotic Shrub.
- 22 Sun: Peter Kareiva - The Science, Politics, and Sociology of Shooting Wolves in Alaska: More Caribou and Moose Through Predator Control?
- 24 T: Steve Schoech - Behavioral endocrinology of the cooperatively breeding Florida Scrub-Jay.
- 26 Th: Doug Taylor - Ecology and evolution of virulence in host pathogen systems with three trophic levels.

July

- 1 T: Eric Nagy - Ecological and Evolutionary Factors Influencing Gene Migration Between Two Subspecies in the *Gilia capitata* Complex.
- 3 Th: John Cairns - Changing From a Growth to a Sustainability Paradigm: Can We Achieve Sustainable Use of the Planet?
- 6 Sun: **OPEN**
- 8 T: Jeff Corbin - The effects of 3 years of nitrogen and phosphorus addition on Mt. Lake's forest community and ecosystem.
- 10 Th: Walton Lecture: Robert Paine - Experimental community ecology: New questions and insights from a marine rocky shore system.
- 15 T: Bruce Hayden - Vegetation Controls on Climate.
- 17 Th: Rytas Vigalys - Major Lines of Mushroom Evolution.

- 19 Sat: MLBS Actors Guild, Becky Wilbur Producer - Annual Production, title TBA, 7:30pm Pavilion.
- 20 Sun: Rytas Vigalys - Adventures in Australia.
- 22 T: Helen Young - Costa Rican Natural History (a "Sunday-style" presentation).
- 24 Th: Charles Gowan - Trout responses to habitat manipulation in streams at individual and population scales.
- 27 Sun: Lorne Wolfe - Hippos, Camels, and Yaks, OH MY! (Dorothy, Somewhere over the Rainbow)
- 29 T: Helen Young - Pollination Biology and Breeding System of *Silene latifolia*.
- 31 Th: Don Stratton - Genetic analysis of performance in varied environments.

August

- 3 Sun: Elizabeth Lyons - What's new at NSF/DEB?
- 4 Mon: Elizabeth Lyons - Special Research Seminar, Title TBA.
- 5 T: Doug Taylor - Evolution of the Sex Ratio in *Silene*.
- 7 Th: REU Final Reports - Special afternoon session.
